**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have chosen Sonic.net as my internet and phone provider.

Please do not allow AT&T and US Telecom to take away access to critical unbundled network elements. These unbundled elements are critical last-mile copper and inter-city fiber; the very technology that allowed Sonic to grow, expand fiber deployment, and compete. Without access to this infrastructure, Sonic is at risk of losing access to a huge portion of its customer base, leading to potentially higher rates, less fiber deployment, and even less options for consumers.

Please do not make any change to the current law and make it impossible for me to stay with a company whose service has been excellent and who provides healthy, desirable competition.

Thank you.
